SOUPER BOWLS

We are excited to be partnering with The Pine Run Inn for our Souper Bowls to benefit our children's art programs.

Did you know children's art fosters creativity, enhances communication and language skills, builds confidence, and promotes emotional and cognitive development. We are happy to be able to help make children's art available for the children of our community. With your help we can continue to offer classes at an affordable rate.

With a \$25 admission ticket you will take home your choice of a one-of-a-kind ceramic PLUS you will receive a meal of soup and bread provided by The Pine Run Inn. Bowls are generously made by artists and students from the Clio Center for the Arts. Tentatively soup options will be, cream of broccoli, loaded cheesy potato, and chicken noodle with rustic homemade noodles.

Proceeds from this fundraiser will directly benefit our children's art programs. Clio Center for the Arts is a 501(3)c nonprofit.
March 23rd, 1-4pm

MONTHLY ART CHALLENGE

March Art Challenge:
Black & White Art

This can be any art form done in Black and White. The options are endless, photography, pottery, painting, glass work, drawing, where will our Black and White challenge take you?

Each month we will have a different art challenge, these challenges may be for all art forms or geared towards one set art form. Artists may choose to share their monthly challenge art with us or keep it to themselves. Those who share their art will be entered to win a CCA gift basket. Our goal is to inspire artists to try something new and never stop creating.

Message From the President

STEPHANY ZOLINSKI

The bowls are stacking up, are you ready for some great soup? I hope you will be able to attend our Souper Bowls on March 23rd. Our students, and staff have been working hard on creating one-of-a-kind bowls for you to enjoy. I have even created a few myself, and with my daughters' help. Grab a friend and join us for some yummy soup provided by The Pine Run in and help raise money for our children's art classes.

While it may only be March I have started thinking about and planning our fall and winter classes for 2025/2026. With that I am also looking for more teachers, if you or someone you know would be interested in teaching at the CCA please reach out to me. While we have a list of classes we would like to add to our class catalog, I am always interested in hearing what ideas our teachers and students have.
